

The Sansa® Clip

The Tiny Wearable MP3 Player with BIG Sound

We didn't name it the Sansa® Clip for nothing. Clip it to your jeans. Clip it to your jacket. Clip it anywhere you want. But our smallest MP3 player still has big sound and a screen so you can sort through your music, FM radio stations and audiobooks with ease. It also has a built-in microphone and is available in black, red, pink, blue, and silver (colors vary by capacity). Because limiting size shouldn't limit features.
